	Component 1: AoS 3								
	Component 3: Free Composition								
How does this year deliver your curriculum intent?		Development of all musical skills; listening, composing/arranging, performing and ICT. These are all skills for the GCSE Music and work towards all components of the GCSE. The course enables delivery of a broad and variable range of Music to enable students to discover and develop new skills for their musicianship and wider understanding of music in context. Students will enhance their skills around performing in ensembles as well as a solo, whilst practicing their assessed component 3 work before commencing their formally assessed component.
