

Always set and deliver
the highest standards:
never settle for less.

Care about the now;
create the very best for
your future.

We are unique individuals working together to be the best.

Create solutions,
not excuses.

Resilience is essential;
self-belief drives
improvement.

Qualifications open doors; your character gets you through them.

In Year 11, students build on their learning from Years 7, 8, 9 and 10. As well as recapping key material from years 7, 8, 9 and 10, to ensure the knowledge and skills are secure, they will also develop new knowledge across all each of the Biology, Chemistry and Physics subjects taught. The new material covered in Years 10 and 11 is often more challenging containing increasingly more difficult concepts and processes.
