Dear Parent/Carer

Electives

Your child has selected an off-site elective for the next 9 weeks. The confirmed elective can be accessed via Class Charts or the student planner. I am therefore writing to ask you to confirm permission for your child to attend the specified off-site elective by accessing the link: [Form](#)

As some of the electives take place offsite and may require students to walk to the venue with supervising members of staff. In order to maximise the amount of time available, some electives may finish at the offsite location. As a result, where this is the case, students will need to make their own way home from the respective venues. Please see further details regarding the electives below:
